**Garden Cafe:**

The Garden Cafe is the perfect choice for a bistro-style lunch. Guests can dine while enjoying the spectacular views from the terrace. Or, arrange a pre-ordered boxed lunch or dinner.

The Cafe is open 10 am to 4 pm daily, April 1 - October 31

**Garden Gift Shop:**

The Gift Shop features a wide array of unique gift items. Highlights include: pottery, specialty food items, unusual souvenirs plus gardening books.

## SUMMER GARDENS

### Bristow Butterfly Garden

This 2-acre garden provides a habitat to attract and support butterflies and moths during all stages of their life cycle. Within the garden you will find a nectar garden, butterfly bush collection and butterfly maze.

### Kaufman Hydrangea Garden

This 1.5 acre garden features approximately 300 hydrangeas representing 20 different species and 200 different cultivars. The most prevalent species in the garden is the Bigleaf Hydrangea.

### Statuary Vista

The Statuary Vista is a unique outdoor sculpture gallery set in a 400-foot long double border garden stretching from the back of Renaissance Court to the edge of Lake Whitehurst.

### Four Seasons Garden and Wildflower Meadow

This meadow features a mixture of more than 50 species of wildflowers and 10 species of grasses. The area is an outdoor classroom where one can observe wildflowers and the birds and insects they attract.

### WOW Children's Garden

This three-acre garden is dedicated to families and children. WOW has several distinct areas, each offering different interactive lessons, but all offering excitement, enrichment and entertainment.

## EAGLE CAM

See a pair of American Bald Eagles that have built a nest in the Garden. Visitors can get a good view of the nest and its inhabitants from NATO Tower or our Tropical Garden. Watch online using our special "Eagle Cam." <http://www.wvec.com/marketplace/microsite-content/eagle-cam.html>

The first egg of the season was laid at 2:15 pm on Sunday, January 31. The second egg was laid at 11:50 am on Wednesday, February 3. The third egg was laid at 12:29 pm on Saturday, February 6. The first eaglet was hatched March 11! Check the Eagle cam for the latest on the eagle family!
